Rightlane Consulting
Recruitment team

Dear Recruitment Team,

I am writing to express my keen interest in the Strategy Consultant role at RightLane Consulting. With experience in technical problem-solving, strong analytical skills, and a client-centered mindset, I am excited about the opportunity to contribute to your team's mission of delivering impactful solutions to clients.

I have gained valuable experience working with tools such as VBA, Power BI and other analytical frameworks to streamline processes and uncover actionable insights. My technical background enables me to approach challenges with a structured perspective while ensuring practical and effective outcomes.

Additionally, my time working at a bank in Vietnam provided me with insight into corporate operations and customer relations. Although the role was brief, it taught me the importance of clear communication, adaptability, and understanding client needs to build strong relationships.

I also had the opportunity to collaborate with a team on consulting projects focused on SROI and financial analysis. This experience not only enhanced my analytical and consulting skills but also taught me to deliver value-driven insights to clients. Working in these dynamic environments reinforced my belief in continuous learning, which I am eager to bring to RightLane.

Thank you for considering my application. I look forward to the opportunity to contribute to your team and can be reached at 0436960943 or nguyenkhanhlinh201205@gmail.com

Warm regards,

Iris Nguyen
